EXECUTIVE PROFILE

Multidisciplinary **Public Health, MERL, and Digital Health Systems Specialist** with over 10 years of progressive leadership pioneering data-driven health interventions, enterprise digital health deployment, and complex research evaluations across Ethiopia. Expert in operationalizing **Results-Based Monitoring (RBM) frameworks**, Routine Data Quality Assurance (RDQA) protocols, **DHIS2 implementation** (Tracker & Android Capture), enterprise EMR architectures (**Bahmni / OpenMRS**), and pharmaceutical logistics platforms (**DAGU / eAPTS**). Proven track record in managing large-scale randomized controlled trials (RCTs), national vaccine safety surveillance (1,200+ AEFI cases validated under World Bank/UNICEF support), and mobile data collection engines (KoboToolbox, ODK, CommCare, REDCap). Bridging clinical public health science with full-stack software development and data science to deliver resilient, zero-deviation health data ecosystems.

DIGITAL HEALTH SYSTEMS & CORE TECHNICAL STACK

Digital Health Systems & EMRs: DHIS2 implementation, configuration & analytics · Enterprise Bahmni / OpenMRS EMR deployment & administration · DAGU & eAPTS pharmaceutical transaction & supply chain logistics · eCHIS (Community Health Info System) · Linux server administration · MySQL / PostgreSQL database management · HL7 & REST API interoperability.

MERL & Research Methods: Results-Based Monitoring (RBM) · Logframe & IPTT Management · Routine Data Quality Assurance (RDQA) · Randomized Controlled Trials (RCTs) · Post-Distribution Monitoring (PDM) · Quantitative & Qualitative Research (FGDs, KIIs) · Good Clinical Practice (GCP) & Research Ethics.

Mobile Capture & Analytics: KoboToolbox · Open Data Kit (ODK) · CommCare · REDCap · SurveyCTO · Power BI · IBM SPSS · Stata · R · Python (Pandas/NumPy) · SQL · Advanced MS Excel.

Domain	Core Capabilities & Methodologies	Technical Platforms & Tools
Digital Health Infrastructure	- Enterprise EMR Deployment & Support - System Configuration & Analytics - Pharmaceutical Logistics & Transactions - Server & Database Administration - Health Interoperability & API Workflows	- DHIS2 (Aggregate, Tracker, Android) - Bahmni / OpenMRS Administration - DAGU & eAPTS Logistics - eCHIS & EthioEMR - Linux, MySQL, PostgreSQL, REST APIs
MERL & Data Science	- Results-Based Monitoring (RBM) - Routine Data Quality Assurance (RDQA) - Randomized Controlled Trials (RCTs) - Post-Distribution Monitoring (PDM) - Mixed-Methods Research (FGD, KII)	- KoboToolbox, ODK, CommCare, REDCap - Power BI, Tableau Executive Dashboards - IBM SPSS, Stata, R Statistical Engines - Python (Pandas/NumPy), SQL Pipelines - Advanced Excel & Validation Scripts
Programmatic Governance	- PEPFAR MER Indicator Tracking - Pharmacovigilance & AEFI Surveillance - Accountability to Affected Populations - Vaccine & Cold Chain Management	- Community Feedback Mechanisms (CFM) - USAID MER 2.6 / PEPFAR Standards - WHO EPI MLM & Vaccine Safety - Sphere & Core Humanitarian Standards

PROFESSIONAL EXPERIENCE

Senior M&E; Officer / MERL Coordinator

Apr 2026 – Present

Family Guidance Association of Ethiopia (FGAE) — BRAVE / Mulata Keenya Project (Plan International)

- Direct regional MERL framework implementation, performance indicator tracking, and data quality assurance across integrated Sexual and Reproductive Health and Rights (SRHR) interventions.
- Oversee routine data collection, IPTT updates, and reporting for donor-funded initiatives, ensuring full alignment with organizational and donor standards.

MEAL Officer (Short-Term Emergency)

Jan 2026 – Apr 2026

International Medical Corps (IMC) — Harar Field Office / Meyu Muluke Woreda, East Hararghe

- Led field MEAL operations for an integrated emergency health, MHPSS, nutrition, WASH, and GBV response program.
- Designed and executed 2 rounds of Post-Distribution Monitoring (PDM) for Cash transfers and WASH NFIs, strengthening community accountability and evidence-based field learning.

Field Supervisor / Study Coordinator

Jan 2026 – Feb 2026

Population Council Ethiopia — Harari Region

- Supervised field enumerators for the FGM Opinion Poll & Vignette Research Study across Harari Region.
- Monitored real-time electronic submissions via KoboToolbox, conducted systematic spot-checks and back-checks, ensured human subjects ethics adherence, and reported daily progress to the PI.

Field Assessor Consultant

Dec 2025 – Jan 2026

Oxford Policy Management (OPM) Consultancy — Oromia Region

- Participated in the national Integrated Effective Vaccine Management (EVM), vaccine wastage, and continuous temperature monitoring assessment across Oromia health facility cold chain networks.

Vaccine Safety Surveillance & Pharmacovigilance TA (Consultant)

Apr 2024 – Nov 2025

LonAdd HR / UNICEF — Seconded to Oromia Regional Health Bureau & EFDA (World Bank COVID-19 Project)

- Spearheaded sub-national pharmacovigilance and Adverse Events Following Immunization (AEFI) surveillance across 12 zones under the World Bank-funded Ethiopia COVID-19 Emergency Response Project.
- Processed, verified, and validated 1,200+ AEFI case reports, ensuring 100% complete data transmission to the national pharmacovigilance database at EFDA/MOH.
- Conducted targeted DHIS2 Tracker and supportive supervision mentoring across partner health facilities, elevating facility data quality scores from 63% to 87%.

Monitoring & Evaluation Specialist

Sept 2024 – Jun 2025

Dugda Children & Family Charitable Organization (DCFCO) — USAID/PEPFAR Family-Focused HIV Project (ISHDO Prime)

- Directed routine M&E; operations and data quality enforcement across 6 sub-national service delivery units for a USAID/PEPFAR-funded family-focused HIV prevention, care, and treatment program.
- Enforced PEPFAR MER 2.6 indicator tracking standards, automated CommCare mobile collection workflows, and designed executive Power BI performance dashboards.

Senior MAMI Research Project Officer

Nov 2021 – Apr 2024

GOAL Ethiopia — MAMI RISE Project (Deder Woreda, East Hararghe)

- Led field research implementation for a Randomized Controlled Trial (RCT) evaluating the Management of Small and Nutritionally At-Risk Infants and Their Mothers (MAMI) Care Pathway.
- Managed REDCap and ODK primary data collection pipelines, supervised clinical enumerator teams, and enforced Good Clinical Practice (GCP) and research ethics protocols.

Cluster Manager

Aug 2019 – Oct 2021

Family Guidance Association of Ethiopia (FGAE) — WISH2ACTION SRHR Project (DFID/FCDO)

- Managed cluster health service operations, M&E; reporting, and stakeholder coordination across Eastern Oromia for a major multi-year DFID/FCDO-funded SRHR program.

Emergency Health Assistant

Apr 2018 – Jun 2019

International Rescue Committee (IRC) — Somali Region & East Hararghe

- Supported emergency health and nutrition interventions, mobile health clinics, routine data collection, and disease outbreak surveillance in humanitarian settings.

Director of Primary Health Care Unit & Woreda PHEM/RMNCH Focal

Nov 2015 – Mar 2018

Federal Ministry of Health (FMOH) — Waldeya PHCU & Shanan Dhugo Woreda Health Office

- Directed PHCU health center operations, Public Health Emergency Management (PHEM) surveillance, HMIS reporting, and maternal-child health programs.

EDUCATION & KEY CREDENTIALS

Master of Public Health (MPH) in Public Health Nutrition — Haramaya University, Ethiopia (2021 – 2025)
Bachelor of Science (BSc) in Public Health Officer — Wollo University, Ethiopia (2011 – 2015)

- **MEAL DPro Certification** — Humanitarian Leadership Academy
 - **African Digital Health Student Bootcamp & Innovation Award** — Digital Health Africa (DHA, 2024)
 - **DHIS2 Analytics & Dashboard Management** — JSI / MOH (2023)
 - **eCHIS User & Trainer Certification** — EFDA / Ministry of Health
 - **Planning, Monitoring & Evaluation (PMEL)** — FHI 360 / Philanthropy Univ
 - **Nutrition Cluster Information Management (L1–L3)** — UNICEF Agora
- **EPI Mid-Level Managers (MLM) Master Cert** — WHO AFRO
 - **Vaccine Safety & AEFI Surveillance** — WHO / Uppsala Monitoring Centre
 - **Good Clinical Practice (GCP) & Data Management** — Johns Hopkins / GOAL
 - **Build Better Response** — Harvard Humanitarian Academy (2023)
 - **Sphere Standards & Core Humanitarian Standards** — HLA
 - **Antimicrobial Resistance (AMR) Surveillance** — USAID / LonAdd

LANGUAGES & REGIONAL REACH

Afaan Oromo: Native / Full Professional | **Amharic:** Native / Full Professional | **English:** Full Professional Academic & Technical Proficiency
